WORLD HEALER INSTITUTE

The World Healer Institute is a Non-Profit (501c3) Corporation with the specific purpose of implementing a culture of wellness and healing. This is done by offering educational programs utilizing seminars, events and training, and by conducting research to promote self-healing and wellness.

The intent of the World Healers is to raise the wellness level of World consciousness, and cleanse the Collective Consciousness of self-destructive thoughts.

4,000 World Healers will be trained to be examples of being free and living in wellness. They will understand Oneness, the Collective Consciousness, Male and Female relations and the Inner World. They will be educated to heal the self.

ASK JOE COSTA

AskJoeCosta.com is Joseph Costa's personal "blog" or journal, where he can share with all of us his thoughts on various issues from day to day. In this "blog", he will also try to answer questions posed by visitors to the site ... thus the name of this website.

IARRT

IARRT , which stands for the International Association for Regression Research & Therapies Inc. , is the first professional organization for regression practitioners since 1985. Originally founded as APRT - Association for Past Life Research and Therapies, IARRT is a non-profit organization dedicated to increasing the acceptance and use of professional and responsible past-life regression through education, association and research.

We are an international organization of professional, student, and supporting members across the United States, Canada and other countries world wide. If you are a psychologist, psychiatrist, mental health professional, social worker, marriage and family therapist, pastoral counselor, or hypnotist, you may wish to train with us and add our skills to your present practice.

For more information, visit the IARRT website at www.iarrt.org.

THE 15TH STEP

The 15th Step is a special place or level of consciousness where communication with the spirit guides and higher self becomes a reality. It is about spiritual growth and learning how to balance the material outer existence with a nonmaterial inner teaching. With the 15th Step Process you can go directly into the inner unconscious and bring forth both Divine Healing and Divine Teaching.

Learn more about the 15th Step process and how you can learn to do it by visiting the 15th Step website at www.15thStep.com.

INTERNATIONAL UNIVERSITY OF PROFESSIONAL STUDIES

The International University Of Professional Studies, or IUPS , is a "university without walls" concept in which the student, in consultation with faculty mentors, helps to design a degree program customized to the student's unique interests and needs within the foundational framework of the University's advanced coursework. The primary goal of our program is to produce competent professionals rooted in deep self-awareness, sensitive to multi-cultural and global issues, and committed to serving humanity.

Whether one is considering a degree program for a career change, professional advancement, the joy of learning or validation of achievement, International University of Professional Studies can accommodate individual educational goals while allowing for the continuance of personal, family and occupational lifestyles.

International University of Professional Studies is designed primarily for the adult learner who is mature, highly motivated, self-disciplined and an independent thinker. Most students bring a wealth of experience and knowledge gained through work, training, reading and independent study. Regardless of background, the learner needs to possess clear educational goals and a capacity for guided independent study. For more information on IUPS, visit www.iups.edu.

ALTERED STATES RESEARCH GROUP

The Altered States Research Group, Inc. (ASRG) works in partnership with the World Healer Institute on educational projects such as the Mind Class for Medical Professionals and the Mind Over Asthma Class . The World Healer Institute and ASRG are currently developing training for Transpersonal Practitioners, specialists who work side by side with doctors, nurses, and the rest of the healthcare team to bring psychic guidance into patients' daily medical care.

Transpersonal Practitioners enable patients to see every illness in the context of their lives, to find the learning opportunity in every health issue, and to go within themselves for spiritual guidance to navigate healthcare challenges. ASRG also contracts with the World Healer Institute to conduct clinical research. Finally, ASRG is centered on the counseling and clinical care of patients and clients, utilizing altered states of consciousness to help with healing and personal transformation.
